# Comments Appendix

---

The Comments Appendix contains the 14 comment letters received on the public draft resource management plan and environmental assessment (RMP/EA). The draft was distributed to the public for review on August 25, 2003. The comments have been taken into consideration in preparing the final RMP/EA for distribution to the public. The Bureau of Reclamation wishes to thank all those individuals and organizations that took the time to review and comment on the public draft and looks forward to implementing the various actions described in the final document.

This appendix includes comments from the following agencies:

- ~ International Boundary and Water Commission, El Paso, Texas
